2. An inactive member is a sister whose dues have not been received before
  - a. January 1
  - b. February 28
  - c. March 1
  - d. December 1
  - ANSWER: Yes, you've heard it before and you'll hear it again, dues are due before March 1st!, answer C. If a sister mails her dues check and the treasurer receives it on March 1, this sister is considered inactive. Do your best as a thoughtful sister and get your dues in early *before* the March 1 deadline.

3. A reason to pay your dues and stay an active member is
  - a. Dues support the education of women
  - b. You avoid a reinstatement fee in the future
  - c. Your job or family status may change, increasing your ability to attend chapter meetings
  - d. All of the above
- ANSWER: As P.E.O.s, we promote the educational pursuits of women. And as sisters sometimes our status changes and the ability to attend regular chapter meetings is difficult. But remember that choosing to continue paying dues supports women and education, even if you can't attend chapter meetings. So, the answer is D. The reasons listed above are great to share with a sister who is on the fence about going inactive.
4. A nonresident member of your chapter is
  - a. A member of your chapter who lives too far away to attend your chapter meetings
  - b. An inactive member of your chapter whose address is unknown
  - c. A member of your chapter who has moved and joined a chapter in her new location
  - d. A sister who is house hunting
- ANSWER: The answer is A. A nonresident is a member who lives too far away to regularly attend her own home chapter's meetings. She is a dues-paying sister but simply lives out of town. Now, who knows how to help a sister who wishes to continue to be actively involved in P.E.O. life by joining a chapter in her new location? (Pause). The information is literally at your fingertips! On [peointernational.org](http://peointernational.org), look under Resources>Local Chapter Members>Directory of Presidents. There you can search for chapters by state and city and obtain the President's contact information and time of day the chapter meets. Easy-peasy!

5. To sponsor a woman for membership, a sister must have been a member herself for at least
- a. Six months
  - b. One full year
  - c. 2 years
  - d. 90 days

ANSWER: This question gets asked a lot. The answer is B. During the chapter meeting under “Are there names to be presented for membership?”, a sister must be a member one full year to not only propose a name for membership but also to sign and sponsor a name.

6. A nonparticipating member is
- a. A member of your chapter whose dues are up-to-date but who does not attend meetings regularly or even at all
  - b. A member of your chapter who has never served as an officer
  - c. A member of your chapter who cast a “con” vote
  - d. The same as an inactive member

- ANSWER: We have found that this one tends to puzzle some sisters, so congratulations if you selected the correct answer, A. A nonparticipating member is a dues-paying member who does not attend your chapter meetings, even though she lives in your town. If you haven’t been in touch with your nonparticipating members, drop them a card to let them know you miss them and that you’d love to see and greet them with P.E.O. hugs. We would never want a sister to think we’ve forgotten her!

7. In P.E.O, the letters “B-I-L” ...

- a. Are used to refer to husbands of our P.E.O. sisters
- b. Are used to refer to the husband of the state chapter president who talks every year at convention
- c. Are pronounced the same as the name *Bill*
- d. All the above answers are correct
- e. Only A and B are correct

Of course, we had to throw in more options for our last question to make it a little more fun. B-I-L is the 3-letter abbreviation for brother-in-law and is used when referring to the husband of any P.E.O. sister, including the husband of the state chapter president who usually speaks every year at convention. When referring to our B-I-L's, remember that it is a 3-letter abbreviation so we say B-I-L's--- not “Bils” So, the correct answer is E. Got it? 😊
